**ESTIMATED RETAIL REPLACEMENT VALUE FOR PRECIOUS JEWELS
ENHANCEMENT FOR PAIGE O'HARA ORIGINAL "TALE AS OLD AS TIME"
The Inaugural Piece in the *NEW Princess Jewels Collection***

August 10, 2017

This appraisal is for custom jewelry created for Disney Fine Art and The Paige O'Hara Princess Jewels Collection – "Tale As Old As Time" Artist's Original.

This collection is hand created in solid 18kt Yellow Gold. Each piece in this collection contains Fine Brazilian round custom faceted Citrines approximately 8mm each.

The first creation is a Diamond and Citrine broach. This treasure is created with 43 round brilliant cut diamonds that are VVS-VS in clarity and E-F in color. These Diamonds are prong set and weave in and out around three 8mm round Citrines which are bezel-set in filigree heads. This broach has been engineered to be removed from the actual artwork and becomes wearable as a pendant devised with a disappearing bale for a chain to slide through. Total Diamond weight is .68ctw and Citrine weight is approximately 4.55ctw. The back plate is permanently attached to the Original art with a custom 18kt yellow gold back plate. Total 18kt gold weight is approximately 17.4 grams.

The second creation is a custom earring set with one 8mm Citrine in a matching bezel setting with filigree accents. One stud earring is permanently attached to the Original art. A matching pair of stud earrings has been created to be worn with the pendant/broach as a special interactive signature embellishment transforming hanging art into Fine Jewelry treasures that can adorn any real-life Princess. The total of the three Citrines is approximately 4.51ctw and the weight of the three 18kt yellow gold studs is approximately 12.4 grams.

This set also comes with a unique 14kt yellow gold chain to be used for attaching to the pendant. This Original is adorned with a 14kt White Gold pave Diamond detail which adorns Paige O' Hara's Signature.
